DON'T MISS STAR'S HOTTEST PICKS OF THE WEEK

TV

DR. 90210 SUNDAY, JULY 11, 10 PM, E!

Nips, tucks and lifts are all in a day's work for Beverly Hills plastic surgeon Dr. Robert Rey, 42. This new reality show follows the egotistical Rey (he's had plastic surgery himself and works out six days a week!) as he balances his 16-hour days with his pregnant wife Hayley and their little girl Sydney, who rarely sees him. With graphic surgery shots and tender moments with Rey's family, this series may not be as sexy as *Nip/Tuck*, but it's just as addictive.

Dr. Rey of *Dr. 90210* shows a breast implant.
